BICO sometimes offers First Aid & CPR training

On-line Re-certification

The Sierra Club's Outdoor Activities Governance Committee (OAGC) recommends face-to-face first aid classes due to their interactive nature. However, the OAGC has reviewed web-based first aid courses and accepts them only as a renewal for an existing face-to-face basic first aid class (alternating each renewal cycle with a face-to-face training).

Here is the extranet page that has the information. Scroll to the very bottom of the page to find some recommended online courses.

<http://clubhouse.sierraclub.org/outings/medical/first-aid/providers.aspx>

If you happen upon another course, send the link to Sascha Paris, our training manager, so he can review it and make sure it includes the necessary items. sascha.paris@sierraclub.org
